*Specialized activity for all

**Students may get messy. Please send in shoes that can get dirty or muddy

Activity Descriptions

Archery – Students will be taught the proper technique to holding a bow, loading an arrow, aim and release. Students will also be taught safety while at the Archery Range.

Basketball Clinic – Students will learn the fundamentals of basketball or build upon the skills they already have through various drills and scrimmages.

Boating – Students will learn basic stroke instruction as well as canoe safety. As their skills and confidence grow students will begin playing canoe games, which vary from relay races to Capture the Flag.

Cartooning – Students will be able to learn how to sketch and draw cartoon characters. Students will learn about coloring and shading as well as different styles of drawing and writing their names with background pictures.
