You will not use any type of notes for this.

PRACTICE MAKES PERFECT. Practice speaking in French in front of the mirror or practice with a French classmate.

III. Grammar: VERB REVIEW

If you have your French Notes review them before the beginning of the year. At this stage, you should be comfortable with the following verbs: **ÊTRE, AVOIR, ALLER, and FAIRE**. Know the conjugations, the meaning and the usage of these 4 major verbs.

In addition, spend some time this summer reviewing the 3 types of verbs **–ER verbs, -IR verbs and –RE verbs**

Feel free to use notes and the internet to review.
